## INTRODUCTION

Founded in 2008, Ritim Teks has been serving the very well known brand names in Europe, for jersey knitwear products. Our reputation as a reliable, honest and efficient producer, has been built over the years, based on our belief in teamwork and systems. We aim to satisfy our customers' needs by providing with the best service available, by trying to reach perfection in production, and planning & shipping the orders according to our customer's needs & standards.

Ritimteks's marketing and sample production units and cutting facility are based in the main plant located in the Organizational Industrial Zone in Ikitelli - Istanbul. Ritimteks has also design offices in London and Barcelona serving and bringing our customers the new trends and introducing new fabrics and accesories.

Ritimteks has a factory in Yozgat in middle east of Turkey. The factory is handling 300.000pcs but soon to be handling 70% of all Ritimteks productions. Other than that Ritimteks is working with realible subcontractors that are mostly fully dedicated to itself.

Each customer is handled by a dedicated and throughly experienced customer representative team, formed by a head merchandiser and their asistant(s) aiming to provide the best service available from development stage until order shipment with the most regarded international AQL levels.

The company is giving the below services:

- to serve and/or introduce ourselves to our potential customers,
- create a meeting point for our existing customers,
- provide a very strong design service for all our customers which is coordinated by designer coordinaters.

The company has a strong sample maing faiclity employing more than 25 skilled people in their head office, serving all exsiting and new potential customers.
